

Qi2 Magnetic Wireless
Charger Cable
D467C6

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

OVERVIEW

1. USB-C charging cable
2. Qi2 magnetic wireless charging pad

INSTALLATION AND USE

1. Connect the product with included cable to a 27W or above power adapter (not included). Connect the adapter to a wall outlet.
2. The device that supports wireless charging (such as phones) can be charged on the charging pad. Simply put the device on the charging pad to charge.
Note: To ensure charging efficiency, remove phone case before charging.

SPECIFICATIONS

Model name	Qi2 Magnetic Wireless Charger Cable
Output	15W Max.
Input	5V/2A, 9V/2.22A, 12V/1.67A
Compatibility	Apple Magsafe and other devices support magnetic wireless charging
Dimensions	60 x 60 x 13 mm
Weight	105 g
Included in the packaging	- Magnetic wireless charger - User manual
