

USER MANUAL

Cooler Box Speaker

TR-RTC01

45L

MADE IN CHINA

FCC Caution:

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance 20cm between the radiator and your body: Use only the supplied antenna.

1. Important information

PLEASE READ THE INSTRUCTIONS CAREFULLY BEFORE USING
KEEP INSTRUCTIONS FOR FUTURE REFERENCE

IMPORTANT SAFETY INSTRUCTION

Before operating, please read instructions carefully.

1. Do not use speaker near water.
2. Clean only with a dry cloth. Disconnect power cord from outlet bear cleaning.

- 2) Enter Bluetooth Pairing Mode on your device. Select ' TR-RTC01' from the device list. The speaker will audibly ping once Bluetooth connection has been successful. The Speaker will then be stored in your Bluetooth 'Device List' for future pairing.

6. Specification

Function	Specification
Bluetooth Version	5.0
Distance	6.0M at Max
Frequency Range	2.4GHz-2.48GHz
Battery	Built-in Rechargeable Li-ion Battery
Play time	more than 3hrs at 80% volume
RMS	10W+10W
Driver Impedance	4Ω
Frequency Response	90Hz-20KHz
BT Output Power	0dBm
Capacity	45L
Material	HDPE, PS, PP, PU foam
Speaker Working Environment Temperature	0℃~40℃
