

## Operation of Description

The product is a Magnetic Wireless Charger.

Test Voltage : Type-C Input: 5V $\overline{=}$  3A, 9V $\overline{=}$  3A

Radio Technology : Wireless power transmission systems

Operation frequency : 115-205KHz

Modulation : ASK

Antenna Type : Coil Antenna

Connector cable loss : 0.5dB

Software version : V1.0

Hardware version: V1.0
