BNY CONNECT & CHARGE	产品名称 Product	WL-M40	订单号 PI No.	YP202502014
工艺要求 Process requirements	确认 Checked by		审核 Approved by	
尺寸Size：成品60×100mm；展开120×100mm	设计师 Designer	Sam	业务 Sales	Shirley
材质Material：105g铜版纸	更新日期 Update	12-06-2025	联系方式 Contact No.	
工艺Craft：正反面印刷，中间对折	设计单位 Design Company	Shenzhen Guangying New Energy Technology Co., Ltd		
颜色Color：单黑				
备注：线稿为1:1，请按文件比例输出。 (Request: Line draft is 1:1, please output the file based on this ratio)				

FCC warning statements:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
