

Label and label placement of textile sensor underlay SF HR/LR for FCC and IC

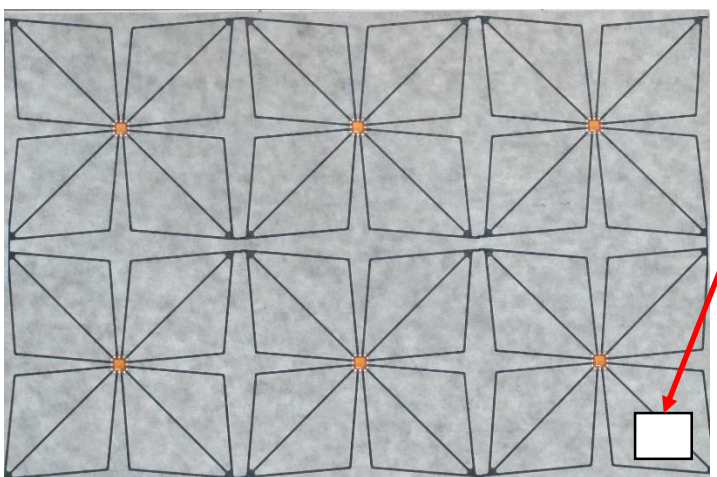

Future-Shape GmbH SensFloor® High Resolution

Power: 12VDC, max. 100mA/m² Frequency: 920MHz
S/N: 040075010100 MN: SF-HR
FCC ID: 2ARCY-FSSF
IC: 24167-FSSF

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Future-Shape GmbH SensFloor® Low Resolution

Power: 12VDC, max. 50mA/m² Frequency: 920MHz
S/N: 040076010100 MN: SF-LR
FCC ID: 2ARCY-FSSF
IC: 24167-FSSF

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
