

Request for Class II Permissive Change

FCC ID: 2ARF9CSG-BT
Date of Grant: 10/08/2019

Data: October 10, 2022

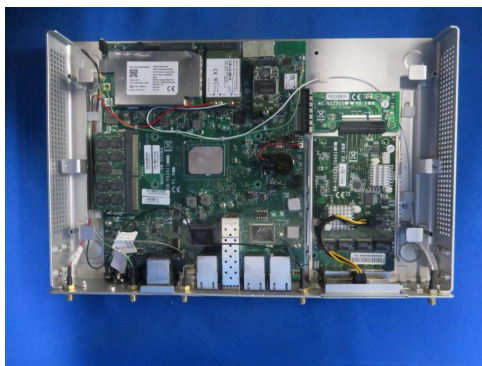

TO: Federal Communication Commission

Please be notified that we, the undersigned, **Versa Networks** declare that the reasons for this Class II permissive change are as below:

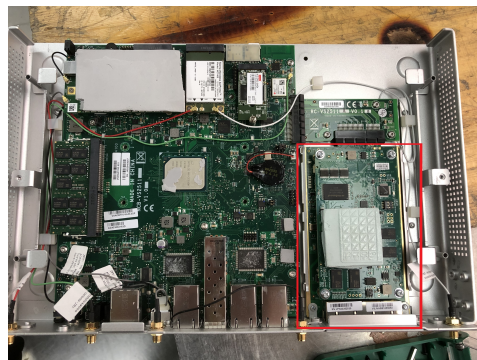

1. Versa Cloud Services Gateway CSG700 series provide one slot for optional Network Interface Card (NIC). CSG700 series already including a NIC-4GP card to provide 4 ports electrical GE interface and support 802.3at POE. Versa Networks also develop several kinds of new NIC to replace the NIC-4GP card for different customer deployments as below:

- NIC-4GP-120W
 - NIC-4GP-120W provide 4 ports electrical GE interface, and support 803.3bt PoE, single port supports up to 60W, and total 4 ports support up to 120W.
- NIC-4GF
 - NIC-4GF provide 4 ports optical SFP GE interface.
- NIC-8GE
 - NIC-8GE provide 8 ports electrical GE interface.
- NIC-4DS
 - NIC-4DS provide 4 ports T1 interface.

2. The RF part of the product is exactly the same, but the NIC is different.
