Columbia, MD 21046

SUBJECT: Change of ID

To Whom It May Concern:

This letter grants authorization for representative of Emerson Commercial & Residential Solutions (Emerson) to apply to the FCC for a change in identification as specified under 47CFR section 2.933 of the FCC rules.

The original certification FCC ID SQGBL654 will remain valid.

This authorization applies to the Laird Connectivity, LLC (Laird) model BL654, FCC ID SQGBL654. The original grant date was June 29, 2018

Emerson will be marketing the BL654 module as a product under a new FCC Identifier. Emerson's grantee code is 2ARHA and proposes that it be issued FCC Identifier 2ARHA-C00005 for the module.

Laird has no control or responsibility with regards to the installation and use of the 2ARHA-C00005 module in the products outlined by Emerson. As a result, Emerson takes ownership and responsibility for compliance of their products which include the 2ARHA-C00005 module.

The original test results, technical information and relevant documents continue to be representative of and applicable to the changed equipment. Any confidential information regarding the SQGBL654 module shared to various test and certification firms shall remain confidential amongst the parties involved and not be shared to other third parties (including Emerson) unless authorized.

Sincerely,

**Brian E.
