

1

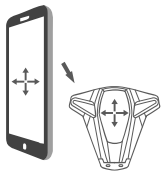

Assemble the charging base with air-vent mount

2

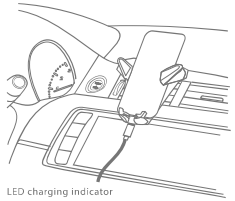

Plug the power supply into the car's cigarette lighter socket with cable connected.

3

Wireless charging on contact

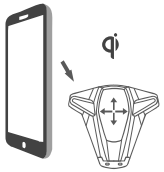

LED charging indicator

Enjoy convenient wireless charging, just put down your phone and go.

ABOUT Qi

No need for hassle with cables. Just place your decice on the wireless charger, and it immediately starts charging.

Qi is a global standard that makes wireless charging possible for your device.

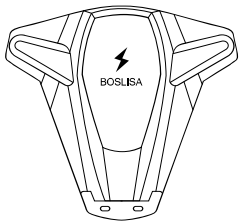

Qi works using magnetic induction, and is currently designed for decices that use 5 watts of power or less, such as mobile phones.

Qi chargers and devices use the same frequency. As long as their charging areas are touching, all Qi products are compatible, regardless of manufacturer or brand.

For more details, see the user guides of the relevant devices.

INTRODUCTION

Boslisa wireless car charger - was designed to safely enhance your driving experience combined with inovative design and advanced technology. Just slip down your phone and enjoy the convenience of effortless phone viewing, wireless charging and GPS navigation.

PACKING CONTENTS

wirelss charging base x1
air-vent mount x1
fast charging cable x1
QC 3.0 car charger x1
(*bonus!)

(*bonus!)

PACKING CONTENTS

☑ 5W Wireless Charge:

Poduct standard: Qi
Power: 5W
Input: 5V-2A
Charge: 5V-1A
Frequency: 110-205KHz
Distance:3-10mm

☑ 10W Wireless Charge(Fast Charger):

Poduct standard: Qi
Power: 10W
Input: 9V-1.8A
Charge: 9V-1.2A
Frequency: 110-205KHz
Distance:3-10mm

☑ 7.5W iPhone Wireless Charge:

Poduct standard: Qi
Power: 10W
Input: QC2.0/QC3.0
Charge: 9V-0.85A
Frequency: 110-205KHz
Distance:3-10mm

FCC STATEMENT

This device complies with part 15 and part 18 of the FCC Rules. Operation is Subject To the following two conditions:

(1) This device may not cause harmful interference, and (2) this devicemust accept any interference received, including interference that may cause undesired operation. Changes or modifications not explicitly approved by the partyresponsible for compliance could void the user's authority tooperate this equipment.

Note: this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 and part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and canradiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference toradio or television reception, which can be determined by turning the equipment off and on, the user is encouraged totry to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

This device complies with Part 18 of the FCC Rules. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ncrease the separation between the equipment and any other radio device.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

CHARGER INDICATOR LIGHTS

Color Type	Red / Blue
Twinkle alternately one time	Plug in
Continuous Red	Standby
Continuous Blue	Wireless charging/Full charge
Off	No power supply
Blue flashing quickly charging error	FOD metal detect
