RE: Long Term Confidentiality Request for [SatBridge, Model: AP-TH1118, FCC ID: 2ARIP-0007](#)

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the [Schematics, Bill of materials, Block Diagrams and Operational Description](#) required to be submitted with this application be permanently withheld from public review.

In order to ensure that Carnegie Technologies maintains our initial market advantage, and to ensure vital proprietary design attributes are not accessible to our competitors, we would like the above-mentioned items to be withheld from public view.

Please contact me if there is any information you may need.

Sincerely,

John A. Nagy
