FCC Regulatory Compliance (FCC ID: 2ARK3-KNKT1)
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Consult the dealer or an experienced radio/TV technician for help.
Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

ISED Regulatory Compliance (IC: 24437-KONNECT1)
This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).
Operation is subject to the following two conditions:
1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé. Cet émetteur ne doit pas être situé ou fonctionner conjointement avec une autre antenne ou un autre émetteur.

KONNECT™
User Manual

The KONNECT is the ultimate
in-helmet audio headphone solution.

To ensure optimal audio quality, please take
the time to position the KONNECT
headphone properly inside your helmet.

You can reuse the package foam insert to
better hold and position the headphone
within your helmet ear pockets.

BUTTON OPERATIONS

CENTER	Play / Pause Music	Short press to start and stop music
	Voice commands	Very Long press to start Voice Command
	Answer a call	Short press during incoming call
	Hang up a call	Short press during a call
LEFT (-)	Volume down	Short press when playing music or on a call
	Previous song	Long press when playing music
	Microphone mute	Long press during a call to mute/unmute
	Reject a call	Long press during incoming call
RIGHT (+)	Volume up	Short press when playing music or on a call
	Next song	Long press when playing music
	Power on	Short press to power on
	Enter Pairing Mode	Long press to power on & enter pairing
LEFT & RIGHT	Power off	Very Long press to power off
	Reset Pairings	Very Long press to reset Bluetooth pairings

3 buttons on the Left Speaker control the **KONNECT** headphone operations.

For improved button access, we recommend the **3BR** (sold separately)

The **3BR** conveniently extends the 3 buttons and USB charge port to the exterior of your helmet.

BLUETOOTH PAIRING

When KONNECT is powered down, power up the device by pressing the RIGHT (+) button, but continue to hold the button for a longer period. When entering pairing mode, LED will flash rapidly. On your smartphone Bluetooth settings, search in the listing for “KONNECT”, and initiate pairing. The LED will now flash at a slower rate.

CHARGING

Please charge the KONNECT when voice announces that battery is low. Charge via the micro-USB port. Charging time is about 3-4 hours. When KONNECT headphone is not in use, please charge at least once every 2 months.
