

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1**

**EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a small green printed circuit board (PCB) component, labeled 'V218S1 SHB V1.1' and '20200817', mounted on a blue textured surface. The component features a USB-A port, a micro-USB port, and a small black circular component connected by a red wire. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 10 to 70 mm.
Solder Board-Component View 2	 A photograph of the same green PCB component from a different angle, showing the underside. It features a USB-A port, a micro-USB port, and a small black circular component connected by a red wire. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 10 to 90 mm.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, likely a mobile phone antenna or connector, resting on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) from 0 to 100. The component has several gold-plated contacts and a small blue component. Handwritten markings 'P' and '243 125' are visible on the component.
Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, similar to the one in View 3, resting on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) from 0 to 100. The component has several gold-plated contacts and a small blue component. Handwritten markings 'W05905A' and 'BC-2 E468435' are visible on the component.
