Product Specification

Input：5V/2A, 9V/1.67A
Output：5V/1A, 5V/1.5A,9V/1.1A
Charging distance：≤8mm
Charging efficiency：≥76%
Dimensions：ϕ89mmx14.6mm
Operation Frequency:109.26kHz to 178.48kHz
H-field:17.51dBμA/m@3m

Notes

1.Keep the charging pad and receiver away from water or any liquid.
2.Cut off input power source during cleaning pad.
3.Working temperature 0-45℃.

Warranty

This equipment has been tested and found to comply with the limits for a WPC device, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
"CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product."

"NOTE: This equipment has been tested and found to comply with the limits for a wireless power charger, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
