System Requirements • Mobile device running iOS12.0+ or Android OS4.3+ • Existing Wi-Fi network • Stable Internet with good signal strength Safety Warnings • WARNING: RISK OF ELECTRIC SHOCK OR BURNS. Switch OFF the light switch controlling the bulb and WAIT for the bulb to cool down before attempting to change it • DO NOT install the Smart Wi-Fi LED Bulb with wet hands or when standing on wet or damp surfaces • Not suitable for use with standard in-wall dimmers. Dimmable via the app only • Suitable for use in operating environment between 0°C and 40°C (32°F and 104°F) • This device is not intended for use with emergency exit luminaires • For lamps with a weight significantly higher than that of the lamps for which they are a replacement, attention should be drawn to the fact that the increased weight may reduce the mechanical stability of certain luminaires and lampholders and may impair contact making and lamp retention. • NOT FOR EMERGENCY LIGHTING • For indoor use only • DO NOT disassemble • DO NOT clean with liquid • Use in Dry Locations only • Only use the control provided with or specified by these instructions to control this lamp. • This lamp will not operate properly when connected to a standard (incandescent) dimmer or dimming control Legal Information Apple, iPad, iPad Air, iPhone, and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries. HomeKit is a trademark of Apple Inc. Use of the Works with Apple HomeKit logo means that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet	Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Controlling this HomeKit-enabled accessory automatically and away from home requires an Apple TV with tvOS 10.3 or later or an iPad with iOS10.3 or later set up as a home hub. To control this HomeKit-enabled accessory, iOS 10.3 or later is recommended. FCC Declaration Caution: This device complies with Part 15 of the FCC Rules / Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver.	—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help. MPE Requirements To satisfy FCC / IC RF exposure requirements, a separation distance of 20 cm or more should be maintained between the antenna of this device and persons during device operation. To ensure compliance, operations at closer than this distance is not recommended. Les antennes installées doivent être situées de façon à ce que la population ne puisse y être exposée à une distance de moins de 20 cm. Installer les antennes de façon à ce que le personnel ne puisse s'approcher à 20 cm ou moins de la position centrale de l'antenne. La FCC des États-Unis stipule que cet appareil doit être en tout temps éloigné d'au moins 20 cm des personnes pendant son fonctionnement. EU declaration of conformity Hereby, VOCOLinc declares that the radio equipment SmartGlow Light Bulb is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.vocolinc.com
