Getting to Know Your Device

1.Using in Wet Conditions

Your device is water-resistant, which means it is rain-proof and
splash-proof and can stand up to even the sweatiest workout.
NOTE: Do not swim with your Smart Watch. We also don't
recommend showering with your wristband; though the water
won't hurt the device, wearing it 24/7 does not give your skin a
chance to breathe. Whenever you get your bracelet wet, dry it
thoroughly before putting it back on.

2.Using the Touch Button

Single tap the Touching Area under the main screen to wake up
the device and switch to other functional pages.
Long press the Touching Area to enter for more functions which
is needed.

3.Using Quick View

With Quick View you can check the time or the message form
your phone on your Smart Watch without taping. Just turn your
wrist towards you and the time screen will appear for a few
seconds.

3.Disposal and Recycling

Please kindly be aware that it is the consumer's responsibility
to properly dispose and recycle Smart Watch and accompanying
components. Do not dispose of Smart Watch with common
household waste, the Smart Watch unit is considered electronic
waste and should be disposed of at your local electronic
equipment collection facility.
For more information, please contact your local electronic
equipment waste management authority or the retailer where
you bought the product.

This device complies with Part 15 of the FCC Rules. Operation
is subject to the following two conditions: (1) this device may
not cause harmful interference, and (2) this device must accept
any interference received, including interference that may
cause undesired operation.

changes or modifications not expressly approved by the party
responsible for compliance could void the user's authority to
operate the equipment.

This equipment has been tested and found to comply with the
limits for a Class B digital device, pursuant to Part 15 of the
FCC Rules. These limits are designed to provide reasonable
protection against harmful interference in a residential
installation. This equipment generates, uses and can radiate
radio frequency energy and, if not installed and used in
accordance with the instructions, may cause harmful
interference to radio communications. However, there is no
guarantee that interference will not occur in a particular
installation.

If this equipment does cause harmful interference to radio or
television reception, which can be determined by turning the
equipment off and on, the user is encouraged to try to correct
the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different
from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician
for help.

This equipment complies with FCC radiation exposure limits
set forth for an uncontrolled environment. This transmitter
must not be co-located or operating in conjunction with any
other antenna or transmitter.
