

Quick Start Guide

Yoto Player 1

Regulatory Compliance and Safety Information

Product Name: Yoto Player 1

IMPORTANT

PLEASE RETAIN THIS INFORMATION FOR FUTURE REFERENCE

Warnings

- This product shall only be connected via the external power supply provided.
- This product should be operated in a well ventilated environment and should not be covered.
- This product should be placed on a stable, flat surface in use and should not be contacted by conductive items.

Instructions for safe use

- To avoid malfunction or damage to your Yoto Player please observe the following:
- Do not expose it to water or moisture whilst in operation.
- Do not expose it to heat from any source; the Yoto Player is designed for reliable operation at normal ambient room temperatures.
- Take care whilst handling to avoid mechanical damage to the unit.
- All peripherals used with the Yoto Player should comply with relevant standards for the country of use and be marked accordingly to ensure that safety and performance requirements are met.

Compliance Information

- The Yoto Player complies with the relevant provisions of the RoHS Directive for the European Union.
- WEEE Directive Statement for the European Union
- In common with all Electronic and Electrical products the Yoto Player should not be disposed of in household waste. Alternative arrangements may apply in other jurisdictions.

EMC Compliance Statements

European Union (EU) Electromagnetic Compatibility Directive Compliance Statement:

This product is in conformity with the protection requirements of EU Council Directive 2004/108/EC on the approximation of the laws of the Member States relating to electromagnetic compatibility.

This product has been tested and found to comply with the limits for Class B Information Technology

Equipment according to the European Standard EN 55022.

Warning: This is an EN 55022 Class B product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

Hereby, Yoto, declares that this Yoto Player is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

Federal Communications Commission (FCC) Emissions Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the

following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE:

- This equipment has been tested and found to comply with the limits for class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with the FCC radiation exposure limits for an uncontrolled environment.

This equipment shall be installed and operated with a minimum distance of 20cm between the user and this device.

This transmitter must not be co-located or operated with any other antenna or transmitter

Industry Canada Class B Emissions Compliance Statement

IC Caution:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference,
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This Class [B] digital apparatus complies with Canadian ICE-003.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada.

1. Turning Yoto on

Make sure your Yoto is plugged into a power socket using the power supply provided.

In about two minutes Yoto will tell you that it is ready, and a white Yoto face will appear.

2. Connecting Yoto to Wi-Fi

Press and hold both blue buttons for five seconds, until you hear a beep.

Go to Wi-Fi settings on your mobile device and select the **Yoto_Wi-Fi_Network** from the menu. Once you have done that, return to the app and follow the prompts.

3. Connect Yoto to your home Wi-Fi network

4. Pair your Mobile Device with Yoto

5. Insert cards into Yoto to play audio

6. General Controls
