

Charging Prelude XR

Fully charge Prelude XR before using for the first time.

Wireless Charging

Gently attach Prelude XR Wireless Charging Area 2 onto powered Prelude XS Power Adapter (not included).

* If the Wireless Charging Area 2 was used for output charging, please turn off Prelude XR (by pressing the Power Button for 3 seconds) before wireless charging it with Prelude XS.

Prelude XR as a Stand

The fold-out stand can be unfolded and used as a phone stand.

Wireless Charging

Plug the end of USB-C cable into Prelude XR USB-C port. Plug the other end of the cable into the power adapter (not included).

* Use PD2.0/AFC/FCP/SCP/PE1.1 USB adapter for improved and fast recharging experience.

*At the same time, you can wireless charge your iPhone. Gently attach Prelude XR Wireless Charging Area 1 onto your iPhone wireless charging area.

Charging Your Device with Prelude XR

After the Prelude XR is fully charged, you can use it to charge your wireless or non-wireless devices.

Wireless Charging 1

1. Press the Power Button for about a second. Then Power Indicator will light up and Prelude XR is ready for use.

*When in the Sandwich Charging Mode (Prelude XR wirelessly charges the iPhone while it is being wirelessly charged). Please make sure that Prelude XR has more than 30% battery power (blue light). Only then, the system will charge the iPhone.

3. Wireless charging is in progress. 

Wireless Charging 2

1. Press the Power Button for about a second. Then Power Indicator will light up and Prelude XR is ready for use.
2. Gently place your AirPods Case wireless charging area onto Prelude XR Wireless Charging Area 2.

Wireless Charging Power Indicator

Wired Charging

1. Press the Power Button for about a second. Then Power Indicator will light up and Prelude XR is ready for use.
2. Connect the Prelude XR to your phone with a USB-C cable (not included).

Wired Charging Power Indicator

Safety & Handling

1. Keep wireless charging unit dry and away from liquids. Do not use on wet surfaces.
2. Do not attempt to disassemble or modify charger. Always disconnect power supply before cleaning or charging.
3. Keep away from high heat. Use in the temperature range between -5 and 45 degrees Celsius (23 and 113 degrees Fahrenheit).
4. Do not use with metal cases, security badges, passports or key fobs between your iPhone and Prelude XR. This may damage magnetic strips or chips in these items.
5. If you have any metal objects in any of these sensitive items, remove them before charging or make sure that they aren't between the back of your device and Prelude XR.
6. Your iPhone or Prelude XR might get slightly warmer while your iPhone charges. To extend the lifespan of your battery, if the battery gets too warm, software might limit charging for up until 80 per cent.
7. If you keep your iPhone in a leather case while charging with your Prelude XR, the case might show imprints from compression of the leather. This is normal. But if you have a leather case, we suggest using a non-leather case.

FCC Statement

FCC Statement
 Certain modifications not expressly approved by the party responsible for compliance may void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment may cause harmful interference to radio frequency devices and equipment, and it may be required to take certain measures to prevent such interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Specifications

Battery Capacity	5Vdc/6500mAh, 9Vdc/3600mAh
Wireless Input	5V = 1A, 9V = 1.2A
USB-C Input	5V = 3A, 9V = 2.2A
Wireless Output 1	5W / 7.5W / 10W / 15W
Wireless Output 2	3W
USB-C Output	5V = 3A, 9V = 2.2A

USB-C Input +	USB-C Input : 5V = 3A
Wireless Output	Wireless Output : 5V = 3A (15W)

Package Contents

Prelude XR Wireless Power Bank	X1
USB-C Cable	X1
User Manual	X1
