## WARNING! CHOKING HAZARD

Not suitable for children under 36 months due to small parts.

Only operate the product and its accessories when fully assembled and in accordance with this manual!

- This product and its accessories are not suitable for children under the age of 36 months, because of small parts that can be swallowed.
- Intended for children ages 8 and older.
- Adult supervision strongly recommended.
- Drive your vehicle in a safe area away from people, pets, cars, etc.
- Do not drive on streets or after dark.
- Do not touch or try to pick up the vehicle when it is in motion.
- Wait until it has stopped completely.

### IMPORTANT BATTERY SAFETY INFORMATION. CAUTION: TO AVOID BATTERY LEAKAGE, NOTE: BATTERIES MUST BE RECYCLED OR DISPOSED PROPERLY.

Contact your local area office of solid waste management or other appropriate local agency for information.

- Make sure the batteries are inserted with correct polarity and follow the toy and battery manufacturer's instructions.
- Remove batteries from the battery pack for storage. Battery may be hot.
- Do not attempt to short-circuit, charge, disassemble or heat batteries.
- Do not dispose of batteries in fire or make them wet.
- Do not mix or use new and old batteries together.
- Non-rechargeable batteries are not to be recharged because of the danger of rupture.
- Rechargeable batteries are to be charged by adult only.

### BATTERIES SAFETY INFORMATION & PERFORMANCE INSTRUCTION

- Cells or batteries should not be crushed, punctured, opened, shorted, or exposed to fire.
- Do not drop or subject the cell or battery to strong mechanical shock.
- Keep cells and batteries out of reach of children.
- Seek medical advice immediately if a cell or battery has been swallowed.
- In the event that the electrolyte comes into contact with the skin or eyes, immediately flush with fresh water for at least 15 minutes and seek medical advice.

### CHARGING

- Follow instructions to turn the battery door on vehicle.
- Extend the USB cable and plug into any USB charging device.
- Turn the switch to the 'OFF' position. The red light will turn on, indicating the vehicle is charging.
- The light will turn off to indicate that the charge is complete.

### LINKING

- The controller and vehicle must be paired for the first use.
- Ensure the vehicle is charged and in the 'OFF' position.
- Ensure the batteries are not installed into the controller.
- Turn the vehicle 'ON', then install the controller batteries.
- Installation must be done in this order for the pairing to be successful.
- Repeat the steps if unsuccessful.

### NOTE:

There is no ON/OFF switch on the controller. Moving the sticks turns it on automatically. For best performance, always use alkaline batteries only! To remove the batteries, reverse the installation procedure.

### MANUFACTURER'S NOTE

- Modifications not authorized by the manufacturer may void users authority to operate the device.
- This toy and all accessories need to be periodically examined for potential hazards and any potentially hazardous parts be repaired or replaced.
- In the interest of better quality and value, we are constantly improving and updating our products.
- Consequently, pictures in this instruction sheet may sometimes differ from the model enclosed.
- You are advised to retain the packaging for future reference as it contains important information.

### FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE

NOTE: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) This device must accept any interference received, including interference that may cause undesired operation.  
Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
- Reorient or relocate the receiving antenna.  
- Increase the separation between the equipment and receiver.  
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
- Consult the dealer or an experienced radio/TV technician for help.

- Consult the dealer or an experienced radio/TV technician for help.

NOTA: Este dispositivo cumple con la Parte 15 de las Reglaciones FCC. La operación queda sujeta a las siguientes dos condiciones:  
(1) Este dispositivo no puede provocar interferencias peligrosas, y  
(2) Este dispositivo debe aceptar cualquier interferencia recibida, incluyendo aquellas que puedan provocar un funcionamiento no deseado.  
Advertencia: Los cambios o modificaciones a este equipo no expresamente aprobados por la parte responsable del dicho cumplimiento podrían anular la autoridad del usuario para operar el equipo. NOTA: Este equipo se ha probado y comprobado en relación a su cumplimiento con los límites para los dispositivos digitales Clase B, según la Parte 15 de las Reglaciones FCC. Estos límites están diseñados para proporcionar una protección razonable contra interferencias en una instalación residencial. Este equipo genera, utiliza y puede emitir energía en radiofrecuencias, la cual, de no instalarse según las instrucciones, puede provocar interferencia dañina a las comunicaciones por radio. No obstante, no hay garantía de que no ocurra interferencia en una instalación en particular. Si este equipo no provoca interferencia dañina a la recepción de radio o televisión, se recomienda determinar si el encendido o apagado del equipo, se anima al usuario a intentar corregir la interferencia mediante u o más de los siguientes pasos:  
- Reorientar o reubicar la antena receptora.  
- Aumentar la separación entre el equipo y el receptor.  
- Conectar el equipo en un tomacorriente en un circuito diferente al que está conectado el receptor.  
- Consultar con su vendedor minorista o con un técnico especializado en radio/TV para obtener ayuda.

NOTA DEL FABRICANTE  
Las Modificaciones No Autorizadas Por El Fabricante Pueden Anular La Autoridad Del Usuario Para Operar El Dispositivo.  
Este Juguito Y Todos Sus Accesorios Deben Examinarse Periódicamente Para Identificar Posibles Peligros Y Piezas Peligrosas Que Deban Reemplazarse O Cambiarse.  
Para Obtener El Máximo Valor Y La Máxima Calidad, Constantemente Mejoramos Y Actualizamos Nuestros Productos.  
Consecuentemente, Las Imágenes De Esta Hoja De Instrucciones Podrían, A Veces, Difirir Del Modelo Adquirido.  
Guarde toda la información relacionada con este producto para posibles usos en el futuro.
