Subject: CFR 47 Rule Part 15.203
FCC ID: 2ASE6EDGEFCR3

Neu-Isenburg, 14.08.2019

Gentlemen:

We, MYNXG Product GmbH, as a manufacturer of the device EDGE FCR 3 hereby provide this letter to comply with CFR 47 Rule part 15.203 for Professional Installation.

1 Intended use of the device

The intended use of this device is generally for industrial and commercial use. The intended use is generally not for the general public. This product is installed by trained technicians.

2 Method of marketing

MYNXG Product GmbH utilizes the device to provide to end users a complete IoT system consisting of 1. Device, 2. Cloud Services, 3. Application Services all implemented by MYNXG Product GmbH. The device is not for sale in any retail outlets and requires both an NDA and license to be utilized by any 3rd party.

3 Professional Installation

Professional installation is required for all products currently sold, thus requiring training and documentation beyond the scope of an average consumer product sold at a retail outlet. The end-user of this product has no control over the operational mode selected, channel or power related settings.

Sincerely,

BERND MOELLER, CEO
MYNXG Product GmbH
