

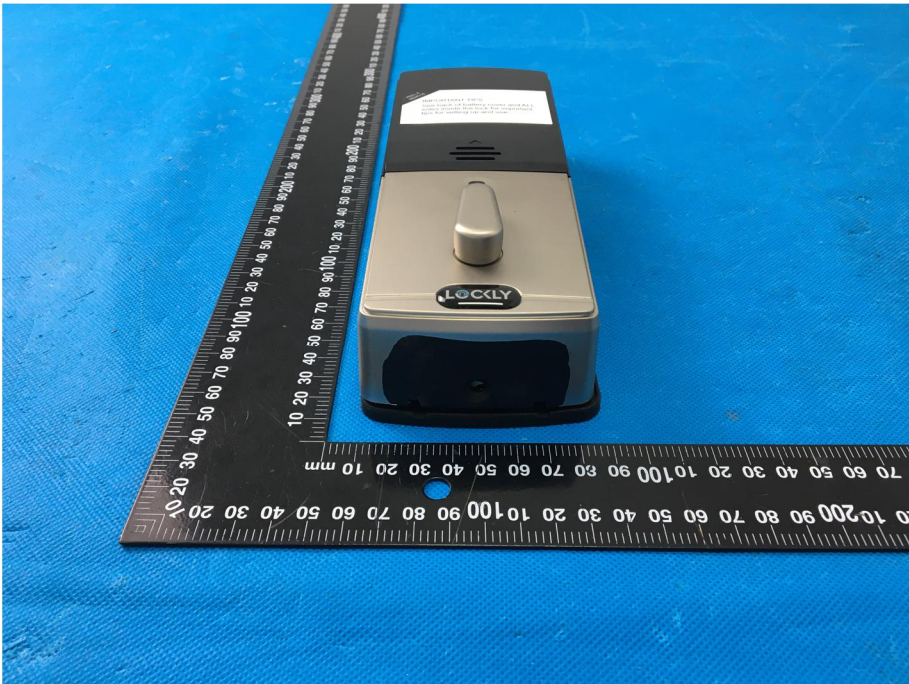

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing the front and back of a silver and black electronic device (EUT) next to a set of keys, all placed on a blue surface with a ruler for scale. The front view shows a silver face with a black top section containing a small screen and a speaker grille. The back view shows a silver face with a black top section and a large circular opening. The keys are silver and black. The ruler is marked in centimeters and millimeters.
EUT View 2	 A photograph showing the front of the EUT device next to a ruler for scale. The device is silver and black, with a small screen and a speaker grille. The ruler is marked in centimeters and millimeters.

EUT View 6

EUT View 7	 A black rectangular device is shown vertically against a blue background. It features a yellow rectangular slot in the upper half and a circular port with a silver-colored rim in the lower half. A black ruler with white markings is placed horizontally to the left of the device, showing measurements in millimeters and centimeters.
EUT View 8	 A silver-colored device is shown horizontally against a blue background. It has a circular port on the left side and a rectangular screen on the right side. A black ruler with white markings is placed vertically to the left of the device, showing measurements in millimeters and centimeters.

EUT View 9	 A photograph of a small, light-colored electronic device, possibly a camera module, with a circular lens and a cable. It is placed next to a ruler for scale. The ruler shows measurements in millimeters and centimeters. The device is positioned horizontally, and the ruler is placed vertically next to it.
EUT View 10	 A photograph of the same electronic device from a different angle, showing internal components and a cable. It is placed next to a ruler for scale. The ruler shows measurements in millimeters and centimeters. The device is positioned horizontally, and the ruler is placed vertically next to it.
