

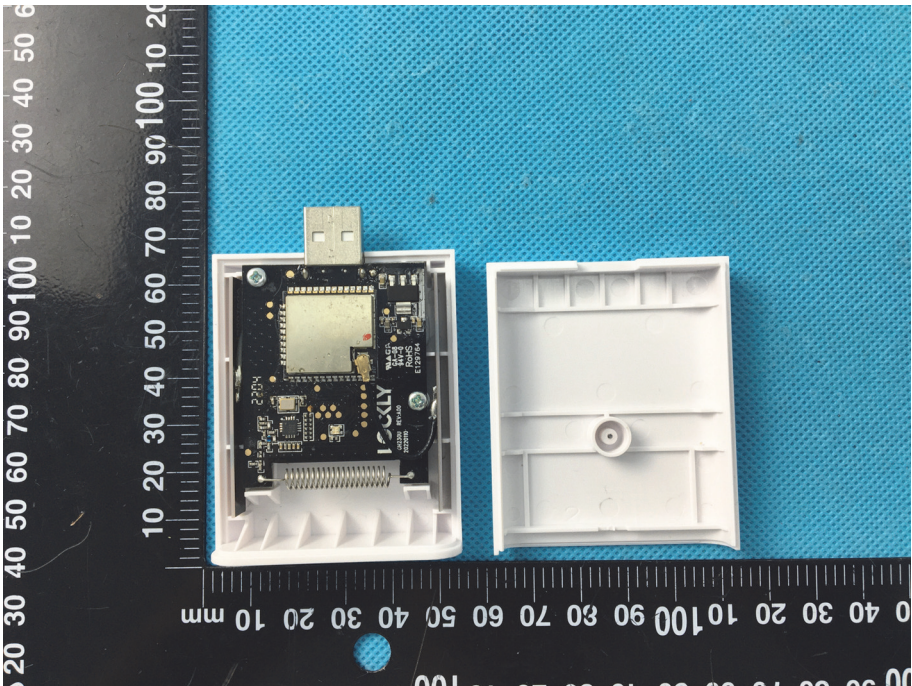

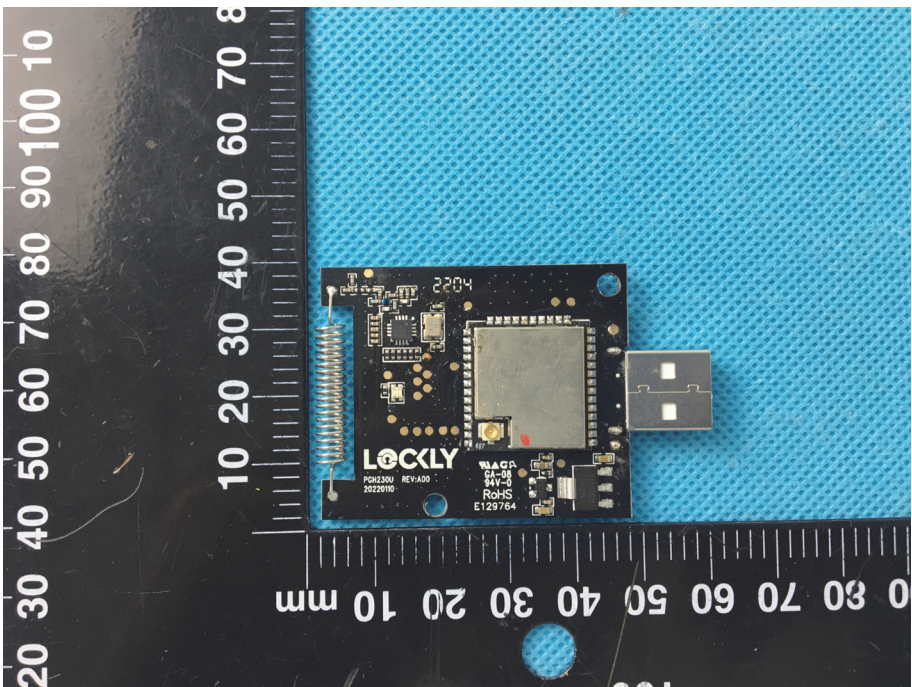

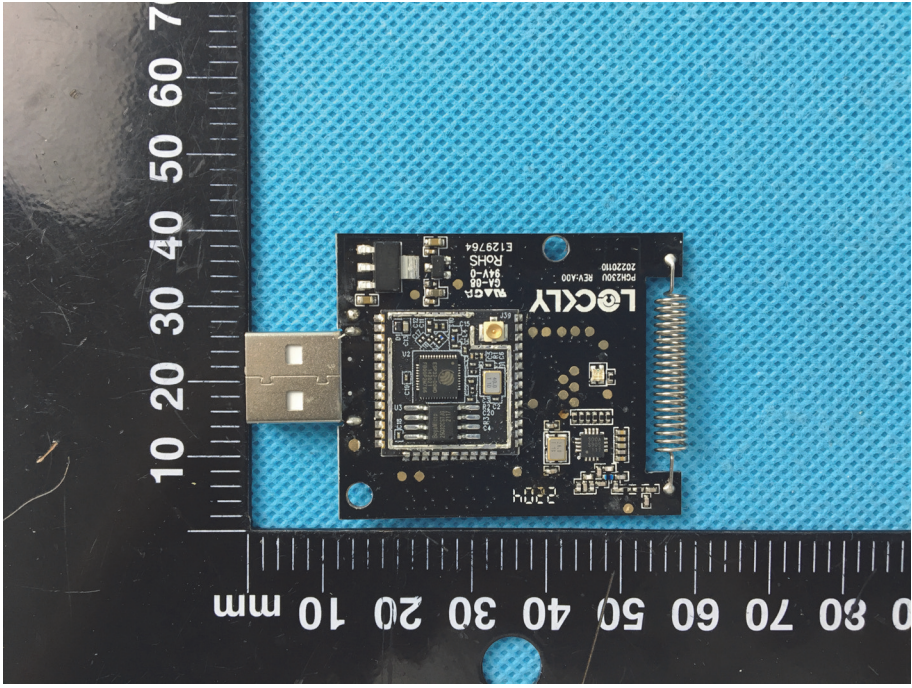

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the EUT housing and board assembly. The housing is a white plastic enclosure with a USB port on the top. The board is a black PCB with various components, including a USB port, a microcontroller, and a small display. The assembly is shown next to a ruler for scale.
Solder Board-Component View 1	 A photograph showing the solder board-component view. The board is a black PCB with various components, including a USB port, a microcontroller, and a small display. The assembly is shown next to a ruler for scale.

Solder Board-Component View 2	 A photograph of a small electronic component, likely a USB-to-UART bridge, mounted on a black PCB. The component features a green integrated circuit (IC) and various surface components. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The background is a blue textured surface.
Solder Board-Component View 3	 A photograph of the same electronic component from a different angle. The component is mounted on a black PCB and is positioned next to a black ruler with white markings, showing dimensions in millimeters. The background is a blue textured surface. The component has a USB connector on one side and a header with pins on the other.
