WARNING: Do not ingest battery. Chemical Burn Hazard. This product contains a coin/button cell battery. If the coin/button battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna,
- Increase the separation between the equipment and receiver,
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected,
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device contains licence-exempt transmitter/receiver that complies with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference received, including interference that may cause undesired operation.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes (1) L'appareil ne doit pas produire de brouillage; (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Warning: Any changes or modifications not expressly approved by <insert company name here> could void the user's authority to operate this equipment.

Avertissement: Tout changement ou modification non expressément approuvé par <Insert company name here> pourrait annuler la conformité du produit et le pouvoir de l'utilisateur d'utiliser cet équipement.

SMARTSECURE

INSTALL OPEN/ CLOSE SENSOR

1. **Ensure the surfaces for mounting of the open close sensors are clean. Remove any debris, excess paint or rust.**
2. **Peel off the protective film and attach one part of the sensor using the adhesive backing.**
3. **Position the second part of the sensor so that the magnets on both parts are aligned. Make sure the magnets make good contact with each other when the door / awning / window is closed.**
4. **Open your app* and navigate to the SmartSecure screen.**
5. **Follow the instructions in the app to pair your SmartSecure sensor.**
6. **The sensor is now paired to the app and will show the status of your awnings, doors, vents etc.**

* A compatible BMPRO app must be installed in your RV or on your smartphone. SmartSecure is compatible with all devices that have Bluetooth 4.0+ Low Energy (BLE).

Head office - Australia
