RE: Justification for label location regarding application for certification of

FCC ID: 2ASL3-FSG100

IC Number: IC: 24807-FSG100

To Whom It May Concern:

This letter is to justify the choice of label location for the device bearing the above FCC ID and IC Number. The location was chosen to be in the device display due to limited space available for placement of the label. The device is very small in physical size and has many contoured surfaces. The front side of the electronics enclosure is the side that the end user sees during normal operation. Form Athletica wants to reserve the front side for brand information and does not want label information on this side. For these reasons, electronic display of the FCC ID and IC number using the integrated display is the only logical choice.

Please contact the undersigned if you have any questions or need any further information.

Regards,

A handwritten signature in black ink, appearing to read 'D Degraaf', with a stylized flourish at the end.
