Bluetooth Deactivation Statement

FCC ID: 2ASO2-KOSMOONE

This letter serves to declare that Hesai Technology Co., Ltd. will reuse the FCC certification previously obtained for the certified module (FCC ID: TLZ-XM612PUR). In this product, the Bluetooth functionality is permanently disabled via the module's registers, and it cannot be enabled by the user. For the full frequency range of this product, please refer to the accompanying "Operational Description" document.

New wireless testing has been conducted on the Wi-Fi wireless communication module integrated into this product module that had previously received certification to verify its compliance.

Sincerely,
