TEST DATA ATTESTATION LETTER – FCC

FCC ID: 2AS02-KOSMOONE

This letter is to declare that Hesai Technology Co.,Ltd is reusing AW-XM612-PUR test data obtained during the previous FCC certification for already approved module certified under FCC ID: TLZ-XM612PUR. Please see the enclosed Operational Description exhibit for a full set of supported frequency bands. The RF technology of the modules integrated into this product remains unchanged from that of the originally approved modules. Given that this product is intended for handheld use, the power output of the modules has been reduced to ensure compliance with SAR requirements for portable, handheld devices.

The following test reports have been reviewed and remain valid and representative of performance within this product and meet the current FCC Requirements.

Technology	Report Number	Rule Part
Wi-Fi 2.4G 802.11b, g, n, ax	BTL-FCCP-1_2603H008	47 CFR FCC Part 15 (Section 15.247)
Wi-Fi 5G 802.11a, n, ac, ax	BTL-FCCP-4_2603H008 BTL-FCCP-5_2603H008	47 CFR FCC Part 15 (Section 15.407)

New wireless testing has been conducted on the Wi-Fi wireless communication module integrated into this product module that had previously received certification to verify its compliance.

Sincerely,

Signed:
