Interface: USB 2.0  
Wireless range: 20m  
System support: Windows 7, Win 8, Win 8.1, Win 10

#### Package Contents

- Bluetooth adapter × 1
- User manual × 1
- Driver × 1

#### Connection Method

#### Before installation and use:

Retrieve whether the computer system has its own Bluetooth driver, if yes, please disable the driver. Steps as follows:

1. Find "My Computer" on the desktop.
2. Right-click and select the "Properties".
3. Find the "Device Manager".
4. Select the "Bluetooth"-5, Right-click and select the "Disable Device". After completing the above steps, you can start to install driver.

#### Note:

If there is no built-in Bluetooth function in the computer system, please ignore this step.

#### Step 1

Select the folder for installation, click RTBlueR\_Windows\_1015.1016.1016.0528.2020\_F027\_L

#### Step 2

Find the "setup.exe" and double-click to install, run the setup program.

#### Step 3

Insert the Bluetooth adapter into the USB port of the computer, click "OK" to continue the installation.

#### Step 4

Click "Next" to continue.

#### Step 5

Select "Yes, I want to restart my computer now", then click "Finish" to finish the installation.

#### FCC Warnin

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
