Product Overview

1. Flashlight with adjustable head
2. Charging port (Type-C)
3. Locking arm
4. Suction cup base with flashlight
5. Light panel (left)
6. Light panel (right) (battery window)
7. Suction cup lever

Note: how to use the suction cup

Lock your phone securely in the telescoping arm.

Product Specification

Model	UBK-PB01
Battery	5000mAh Lithium-ion Battery
Input	5V⎓2A
Output	5V⎓2A
Charging Time	2.5 hours
Light Modes	3 modes
Flashlight Brightness	200 lumens
Light Duration	3-10 hours
Material	ABS+PC
Net Weight	0.2kg
Dimensions	15.5*7.5*2.5cm

Compatible Devices

Phone Width (Including Case)	Phone Thickness (Including Case)
Supports phones with a width of 6.5–8.5 cm	Supports phones with a thickness of up to 1.2 cm
Compatible models: iPhone 16, 16 Plus, 16 Pro, 16 Pro Max, 15, 15 Plus, 15 Pro, 15 Pro Max, 14, 14 Plus, 14 Pro, 14 Pro Max, 13, 13 Pro, 13 Pro Max, 12, 12 Pro, 12 Pro Max, 11, 11 Pro, 11 Pro Max, XS, XS Max, X, XR, 8, 8 Plus, 7, 7 Plus, 6s, 6s Plus, 6, 6 Plus, SE (2nd/3rd Gen)	
Compatible models: Samsung Galaxy S25 Ultra, S25+, S25, S24 Ultra, S24+, S24, S23 Ultra, S23+, S23, S22 Ultra, S22+, S22, S21 Ultra, S21+, S21, Note 20 Ultra, Note 20, Note 10+, Note 10, Note 9, S20 Ultra, S20+, S20, S10+, S10, S9+, S9, S8+, S8	

LED Display

Display	Battery Level Indicator
Color	Green/Yellow/Red
Function	Charging Status
Charging	Flashing Green
Fully Charged	Solid Green
Low Battery	Solid Red

How to use with suction cup holder?

The 3 lines indicate the maximum phone's position. If not, you'll need to adjust the telescopic arm to place the phone.

Unroll out the head and neck and adjust the angle to the desired position.

If the clip of the phone's the 3rd line position, you can pull the telescopic arm longer to fix the phone. Make sure the phone is stable and secure before releasing.

If the clip of the phone's the 1st line position, you can push the telescopic arm shorter to fix the phone. Make sure the phone is stable and secure before releasing.

If the clip of the phone's the 2nd line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 3rd line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 4th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 5th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 6th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 7th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 8th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 9th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 10th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 11th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 12th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 13th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 14th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 15th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 16th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 17th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 18th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 19th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 20th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 21st line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 22nd line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 23rd line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 24th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 25th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 26th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 27th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 28th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 29th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 30th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 31st line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 32nd line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 33rd line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 34th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 35th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 36th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 37th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 38th line position, you can fix the phone as shown in the picture.

If the clip of the phone's the 39th line position, you can fix the phone as shown in the picture.
