We, SHARKNINJA OPERATING LLC

The product: Air Purifier

And model No.: HP062, HP06X*****aaa, where "x" and "*" can be any alpha-numeric character from A to Z or 0-9, "*" may be blank to denote different countries, colors, customers or customer code or configurations and package. Where "aaa" represents factory code (e.g. W5 or Q0), the factory code is not part of the official model number.

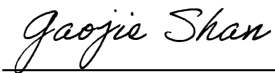

FCC ID: 2ASV9-HP060

HP060 serial support two types of configurations, corresponding to the following two types of BLDC (motor) power:

config 1: KETH (24 VDC, 48.5 W)

config 2: RUIYI (24 VDC, 48.5 W)

All these differences do not degrade the unwanted emissions of the certified product. We have pre-test two models and select the worst model KETH to test and perform in the report.
