THIS DEVICE COMPLIES WITH DHS RADIATION PERFORMANCE STANDARDS 21 CFR SUBCHAPTER J.

**WARNING:** To ensure continued protection against electrical shock hazard, connect to properly grounded (three pronged) outlets only.

Disconnect appliance before servicing. Removal of outer panels with product energized may expose serviceperson to hazardous high voltage potentials. Certain internal parts are intentionally not grounded and may present a risk of electric shock only during servicing.

Service personnel, do not contact the following parts while the appliance is energized:

Fan motor • Compressor motor • Low voltage transformer • Etc. (Include list all parts.)

Risk of electric shock. Non-removable fasteners are provided because of internal high voltages.

Do not remove fasteners.

**NOT FOR BUILT-IN INSTALLATION.**

**CAUTION:** This device is to be serviced only by properly qualified service personnel. Service personnel shall consult the service manual for proper service procedures to ensure continued compliance with the Federal performance standards for microwave ovens and for procedures to be taken to avoid possible exposure to excessive microwave energy.
