GravaStar Mercury X Wireless Gaming Mouse

User Manual

SPECIFICATION

Product Name : GravaStar Mercury X1 Wireless Gaming Mouse

Model : GS X

TECHNICAL SPECIFICATIONS:

LIGHTSPEED wireless technology/LIGHTSYNC RGB lighting/ON-BOARD MEMORY PROFILES

Magnesium alloy's shell/Exoskeleton Design/PTFE Feet

Sensor: PAW3395DM

Master Control : BK CX52850

Resolution: 100~32000

Max Speed (IPS) : 650

Max Acceleration : 50G

USB Reprt rate : 1KHz (2.4G)

Bluetooth Version: V5.1

Input : 5V~450mA

Battery Capacity : 400mAh

Charging port : TYPE-C

Net Weight(Mouse Only) : 49G

Product Dimension: 124(L)*63.5(W)*39.5(H)mm

System Compatibility: Windows/Mac/iOS/Android

*The above specifications are for reference only, and the manufacturer reserves the right to optimize and modify product specifications without prior notice.

Warranty

One-year warranty.

Within the warranty period of the product, if any malfunctions are due to the product's own quality, users can contact the retailer with purchase receipt to receive free repair services.

These will not be covered by warranty:

- Damage caused by self-disassembly.
- Malfunctions or damage resulting from water exposure, drops, or deliberate mechanical damage.
- Malfunctions or damage caused by force majeure events.

FCC Requirement

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.
