

Quick Start Guide

1. Charge the Versa tracker via micro USB (included)

- Red light: battery is charging
- Green light: charging is complete
- White light: tracker is active
- Blue light: a flight is scheduled

2. Go to <https://partner.versa.company>

- For iPhone: use Safari and click on  and then on 'Add to Home Screen'
- For Android: use Chrome, open the menu and click 'Add to home screen'

3. Complete the account registration in the app

4. Pair your Versa tracker to the app with the 15-digit device ID on the backside of the device
