

Dated: August 17, 2026

To Whom It May Concern,

We would like to request the movement of the FCC ID and IC ID into the User's Manual for this product based on the details provided below.

Product Name: B01-007A (Express iQ, Pulse Mouse iQ, Pulse Rat iQ, 24/7 iQ, Landscape iQ, Streamline iQ)

FCC Grantee Code: 2ASYW, Product Code: -B01007

ISED Company Number: 24934, Unique Product Number B01007A

This product is installed in environments of all climates with various pest/rodents (mice, rats, insects, lizards, snakes, toads, etc.) entering the bait stations. Product labels quickly deteriorate in these environments. As the product requires a smartphone application to configure, we propose e-labelling for the product. Regulatory information in the App can be accessed from the main screen (Dashboard) by performing the following steps:

- (1) Access the Site Menu (upper left corner of the App screen)
- (2) Select "About Us" from the Site Menu
- (3) Tap the button labeled "Regulatory"

Pursuant to FCC § 2.935 and ISED RSS-Gen Annex B, we would propose moving the product identifiers into the Users' Manual and Product Packaging instead of marking the product directly. The identification statements that will be included in the User's Manual and Product Packaging are:

Contains FCC ID: 2ASYW-B01007

Contains IC: 24934-B01007A

Thank you in advance for your consideration.

Sincerely

Signed by:

A handwritten signature in black ink, appearing to read 'Joe Triventi', is written over a light gray rectangular background.
