| <b>Product(s)</b>                          | CLA-2000<br>425-0035                                                                                                                        |
| <b>Product Sector</b>                      | Navigation Equipment                                                                                                                        |
| <b>Product Type</b>                        | MED/4.32 Universal Automatic Identification System Equipment (AIS)                                                                          |

and on the basis of the Technical Data and information detailed in the Annex to this certificate.

*T. J. Twynam*  
(Tom Twynam)

Valid from: 26 June 2019

Expiry Date: 27 June 2021

This certificate has been issued in accordance with the Testing and Certification Regulations of TÜV SÜD (Notified Body Number 0168) and constitutes page 1 of the combined Certificate and Annex.

The Conditions for the validity of this certificate are listed in the Annex.

For further details, related to this certification please contact [BABT@TUV-SUD.co.uk](mailto:BABT@TUV-SUD.co.uk)

## 3.4 Build Status

### 3.4.1 Hardware

|                                                 |       |            |
|-------------------------------------------------|-------|------------|
| AIS modem PCA hardware version                  | 5.0   |            |
| MKD PCA hardware version                        | 5.0   |            |
| Apollo Main PCA, Drawing No. 011-0069 Rev 5     | Dated | 2015-07-12 |
| Apollo MKD Drawing No. 011-0070 Rev 5           | Dated | 2015-12-07 |
| Apollo Junction Box, Drawing No. 011-0077 Rev 4 | Dated | 2015-06-22 |
| Apollo SD Card PCB, Drawing No. 011-0083 Rev 2  | Dated | 2014-10-20 |

### 3.4.2 Software<sup>Note 1</sup>

|                            |              |
|----------------------------|--------------|
| AIS modem software version | 110200.01.01 |
| MKD software version       | 110406.01.13 |

## 3.5 Notes

- Note 1 This approval remains valid for equipment including subsequent minor software amendments which have been formally accepted in accordance with the Testing and Certification Regulations of TÜV SÜD BABT.
- Note 2 Enabling additional features may invalidate compliance with the Marine Equipment Directive. The manufacturer should be consulted before enabling any additional features.
- Note 3 IEC 61162-3:2008+A2:2014 Annex A contains details of installation documentation and validation.

## 4 U.S. Coast Guard Number

This product has been assigned U.S. Coast Guard Module B number

165.155/EC0168

To note type approval to Module B only as it pertains to obtaining US Coastguard approval as allowed by the "Agreement between the European Community and the United States of America on Mutual Recognition of Certificates of Conformity for Marine Equipment", Decision No. 1/2018, signed February 18<sup>th</sup> 2019

## 5 Conditions of Validity

This certificate ceases to be valid if the manufacturer makes any changes or modifications to the approved equipment, which have not been notified to, and agreed with TUV SUD BABT or a person appointed by TUV SUD BABT to perform that role.

Should the specified regulations or standards be amended during the validity of this certificate, the product(s) is/are to be reapproved prior to it/them being placed on the market or onboard vessels to which the amended regulations or standards apply.

The Mark of Conformity may only be affixed to the above type approved equipment and a manufacturer's Declaration of Conformity issued when the production-control phase module (D, E, or F) of Annex B of the directive is fully complied with and controlled by a written inspection agreement with a notified body.
