

To Whom it may concern:

Philips is organizationally structured with a centralized center of excellence (CoE) managing the HW and SW of the Wi-Fi module "as a platform" such that any business that is a candidate for using this platform module will follow and leverage the centralization of the requirement definition, verification and regulatory testing and use model requirements to ensure that the radio will meet all the commercial and regulatory requirements.

Sincerely yours,

Applicant : Philips North America LLC.

Address : 222 Jacobs St. Cambridge, Ma 02141

Signature :

A handwritten signature in blue ink, appearing to read "Mark Nolin", with a long horizontal flourish extending to the right.
