

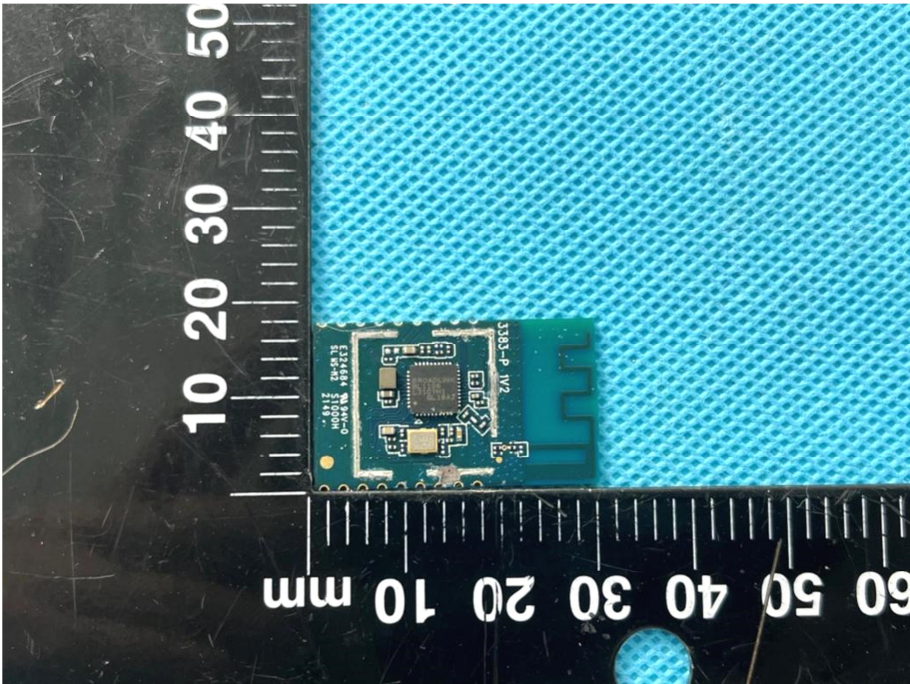

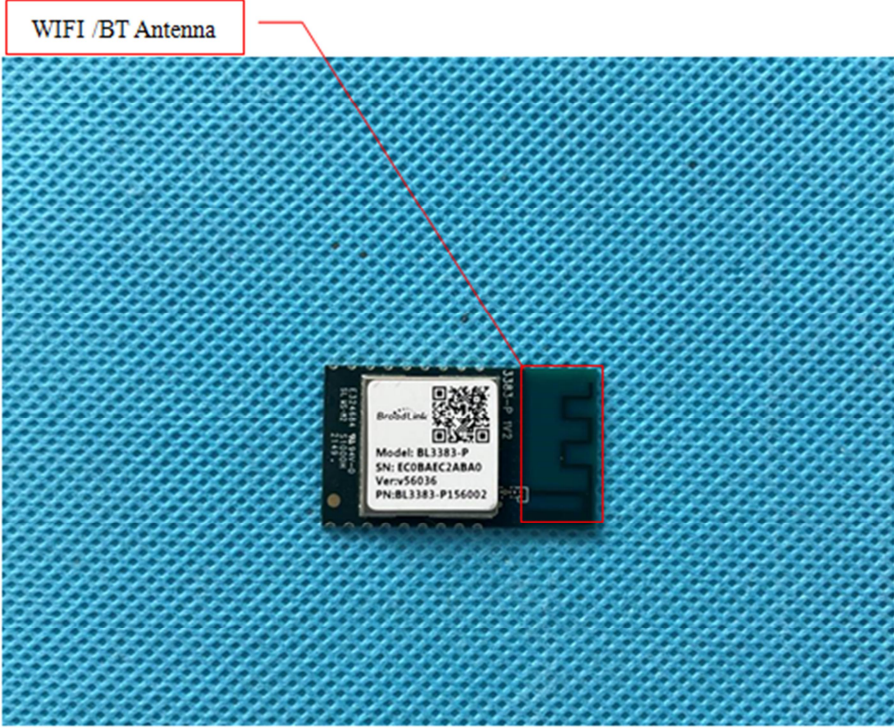

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

Solder Board-Component View 1	 A photograph showing a small green printed circuit board (PCB) component, likely a wireless module, resting on a blue textured surface. A black ruler is placed vertically to the left of the component, with markings from 10 to 50 mm. The component has several gold-colored pins along one edge and various electronic components on its surface, including a small square chip and some text like "E32484 M341-0".
Antenna View	 A photograph showing the same green PCB component from a different angle, focusing on the antenna area. A red box highlights the antenna structure, and a red line points from a label "WIFI /BT Antenna" to it. The component has a white label with a QR code and text: "Model: BL3383-P", "SN: ECOBAEC2ABAO", "Ver:V56036", and "PN:BL3383-P156002". The component is resting on a blue textured surface.
