

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing. The green printed circuit board (PCB) is visible, featuring a large circular inductor, various electronic components, and a USB port. The black plastic housing is shown next to it. A ruler is placed below the components for scale, with markings in millimeters.
Solder Board-Component View 1	 A close-up photograph of the solder board-component view. The green PCB is shown with various electronic components, including a USB port, a red component, and a black component. A ruler is placed below the component for scale, with markings in millimeters.

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, likely a wireless charger antenna, placed on a blue textured surface. The component has a circular cutout in the center and several solder points. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Antenna View	 A photograph showing the internal components of a device, including a green PCB with a circular antenna coil and various electronic components. A red line points from the text "Wireless Charger Antenna" to the antenna coil. A black ruler with white markings is positioned vertically to the left of the device, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
