EXHIBIT 1 - PRODUCT LABELING

Proposed FCC ID Label Format

Specifications: The label shall be securely affixed to a permanently attached part of the device, in a location where it is visible or easily accessible to the user, and shall not be readily detachable. The label shall be sufficiently durable to remain fully legible and intact on the device in all normal conditions of use throughout the device’s expected lifetime.

Proposed Label Location on EUT

FCC ID Label Location	A photograph of the back of a black wireless pad. A black ruler is placed vertically and horizontally next to the device. A red rectangle is drawn on the back of the device, indicating the proposed location for the FCC ID label. A red arrow points from the top of the ruler to the top of the red rectangle.
