07 Extras	

07.1 Replace The Battery:

• Slide the opening slider on the back of your FineIn Tag to carefully open the shells.

• Replace the battery with a new CR2016 battery placing it positive side up (text facing up).

• Carefully close the tag by aligning the top hole on both sides.

07.2 Unwanted tracking:

If any Find My network accessory separated from its owner is seen moving with you over time, you'll be notified in one of two ways:

1. If you have an iPhone, iPad or iPod touch, Find My will send a notification to your lock screen and a banner across the top of your home screen.

2. If you don't have an iOS device or a smartphone, a mobile network accessory that isn't with its owner for a period of time will emit a sound when it moves.

These features were created specifically to discourage people from trying to track you without your knowledge.
