The recommended installation height (H) is 1.45m. It can be adjusted according to the actual scene. The ideal face recognition distance ranges from 0.3m to 1m.

The human height range at different distance

D	Human Height Range
0.3m	1.4~1.65m
0.5m	1.25~1.80m
1m	0.9~2.10m

5 Network Connection

Wired Network Connection

① Make sure that the device and the PC are well connected via LAN.

② Get the IP-Tool from the supplier and then install it in the computer.

After that, run the IP-Tool as shown below.

③ Double-click the camera listed in the IP-Tool to connect IP camera. The default IP address of this camera is **192.168.226.201**.

Note: Please make sure the camera and the computer are in the same local network.

④ Read the privacy statement and then activate the device. The default username is **admin**. You need to self-define the password. Then set the security questions and answers. It is important for you to remember these answers, or you will not be able to reset your password.

⑤ Follow directions to download and install the plugin if prompted. Available Web Browser: IE(plugin-in required) /Google Chrome/ Firefox/Safari/Edge

It is recommended to use the latest version of the above browsers.

Wi-Fi Connection

① Use the network cable to connect the device and wireless router or AP.

② Connect to the above wireless network with your PC. Then install and run the IP-Tool on your PC and then find the IP address of the device. The default IP address of this device is 192.168.226.201. Double click it. This will bring you to the login interface of the camera. Enter the username and password to log in.

③ Click “Config”→ “Network”→ “WIFI” to go to the following interface.

Check “Enable” to enable Wi-Fi. Then click “Search” to refresh the wireless device list. Select the desired router, enter the key number and select encryption type. After that, select “Obtain an IP address automatically” or manually enter the IP address by clicking “Use the following IP address”. Then click “Save” to save the settings.

④ Pull the network cable out of the device. Then you will see the network connection icon (). This means WI-FI is connected.

⑤ Run the IP-Tool and find the device through IP address or MAC address. Then double click it listed in the IP-Tool or enter the IP address of the device in the address bar of the web browser to access the device.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
