TRANSENSE TECHNOLOGIES PLC has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

Specifically, we request that Internal Photos and User's Manual remain permanently confidential.

Internal Photos: The circuit boards and internal components are not accessible to users. These components are sealed in an impenetrable, non-serviceable sealed casing.

User's Manual: This document is not shared in the public domain and is only provided to our customers and clients who have agreed to our sales/service/supply contracts and have been fully trained on our products usage by us or our appointed representative/s.

Sincerely,

By:
