

Solder Board-Component View 8	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 8'. The component is rectangular and features a central square area with a grid pattern. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 9	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 9'. This view shows the component from a different angle, highlighting a barcode label and several circular solder pads. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 10	 A photograph of a green printed circuit board (PCB) component, labeled 'BarCode' and 'WTX22X11', positioned on a blue textured surface. The component is rectangular with a central circular cutout and several mounting holes. It is placed next to a black ruler with white markings for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 11	 A photograph of the same green PCB component from a different angle, showing the underside. It features several yellow solder joints and components. The component is placed next to a black ruler with white markings for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

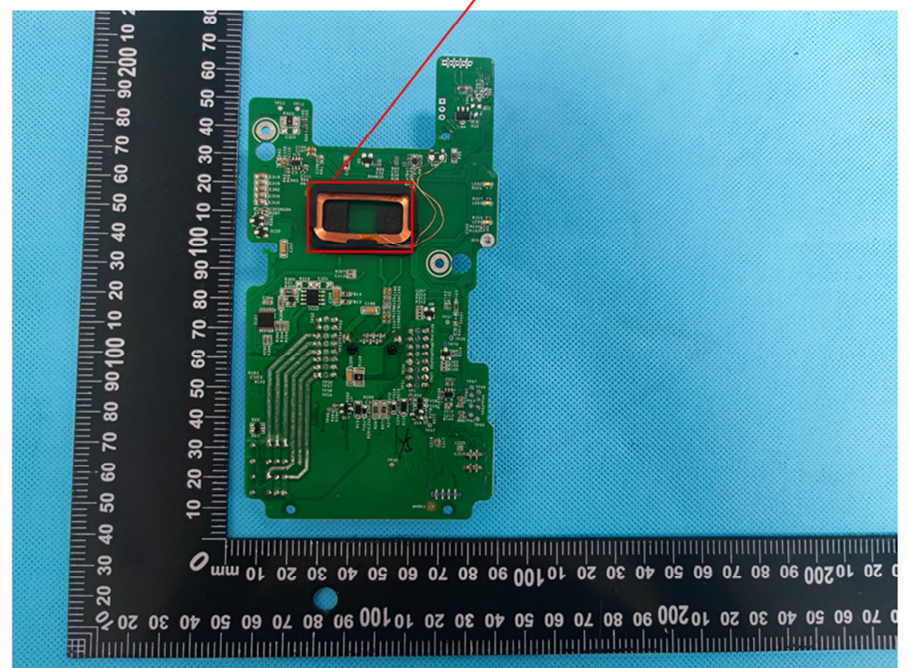

Solder Board-Component View 12	 A photograph of a small green printed circuit board (PCB) component, labeled 'W001', placed on a blue textured surface. The component is rectangular with various electronic components and a connector. It is positioned next to a black ruler with white markings, showing its dimensions. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10).
Solder Board-Component View 13	 A photograph of the same green PCB component, labeled 'W001', from a different perspective. It is placed on the same blue textured surface next to the same black ruler. The component's layout and components are visible from this angle.
