Solder Board-Component View 13	
Solder Board-Component View 14	

Solder Board-Component View 15	 A photograph showing a small green component with a white arrow pointing upwards, mounted on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The component is positioned between the 10 mm and 20 mm marks on the ruler.
Antenna View 1	 A photograph showing a green rectangular component with a white arrow pointing upwards, mounted on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The component is positioned between the 10 mm and 20 mm marks on the ruler. A red box highlights the component, and a red line points from the text "NFC Antenna" in a red box below the ruler to the highlighted component. NFC Antenna
