Solder Board-Component View 7	 A photograph of a small green printed circuit board (PCB) component, labeled 'WATK1', '2020-17-ANT-01', '2022-03-04', '1034V0', '41-03-227-102', and '2335'. The component is positioned on a blue textured surface. A vertical ruler on the left shows measurements in millimeters (0.5 mm to 12 mm), and a horizontal ruler at the bottom shows measurements in centimeters (1 to 20 cm).
Solder Board-Component View 8	 A photograph of the same green PCB component from a different angle, showing its underside. It is placed on the same blue textured surface. A vertical ruler on the left shows measurements in millimeters (0.5 mm to 12 mm), and a horizontal ruler at the bottom shows measurements in centimeters (1 to 20 cm).

Solder Board-Component View 9	 A photograph of a small green printed circuit board (PCB) component, labeled 'BarCode' and 'W40-880-1-02', placed on a blue textured surface. The component is positioned between two metal rulers. The vertical ruler on the left shows a scale from 1 to 11 mm, and the horizontal ruler at the bottom shows a scale from 1 to 19 cm. The component is rectangular with several small components and a barcode printed on it.
Solder Board-Component View 10	 A photograph of the same green PCB component from a different angle, showing the underside. It is placed on the same blue textured surface between two metal rulers. The vertical ruler on the left shows a scale from 1 to 12 mm, and the horizontal ruler at the bottom shows a scale from 1 to 20 cm. The underside of the component shows various electronic components and solder joints.
