Re: Dismissal Request-FCC Grant for FCC ID:2ATWTAI-12S

To Whom It May Concern:

We, Surf Communication Solutions Ltd. declare that the final FCC ID for Dash camera is **2APWTAI-12S**, not the **2ATWTAI-12S**. There are 2 grantee code (2APWT and 2ATWT) under the FRN 0027550193.

When we provided the FCC letters and product labels, we made spelling error for grantee code.

-We Surf Communication Solutions Ltd. will provide the correct product Label and FCC Letter to SGS to apply GRANT.

We, Shenzhen Hong Jingda Electronics. declare that we didn't use FCC ID: 2ATWTAI-12S for Dash camera We have not produce any product on market bearing the incorrect FCC ID: 2ATWTAI-12S since the grant date 03/03/2020.

We required to dismiss this application (FCC ID: 2ATWTAI-12S).

Thank you.
