

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing. A white, square-shaped housing is open, revealing a green battery with 'MAYTEC' and '2020032' printed on it. A small, circular white component is also visible. A black ruler with white markings is placed below the components for scale.
EUT Housing and Board View 2	 A photograph showing the internal components of the EUT housing from a different angle. The white, square-shaped housing is open, revealing a black printed circuit board (PCB) with various electronic components. A small, circular white component is also visible. A black ruler with white markings is placed below the components for scale.

EUT Housing and Board View 3	
Solder Board-Component View 1	

Solder Board-Component View 2	 A photograph showing the solder side of a small black PCB. A gold-colored component, likely a battery or connector, is visible. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
Antenna View	Zigbee Antenna  A photograph showing the top side of the same black PCB. A red rectangular box highlights a specific area on the board, which is labeled "Zigbee Antenna" in a red-bordered box. The board is populated with various electronic components, including a large black chip, capacitors, and resistors. The board is placed on a blue textured surface.
