Solder Board-Component View 3	 A photograph of a small, square green printed circuit board (PCB) component. The component is positioned on a blue textured surface. A black L-shaped ruler is placed next to it for scale. The vertical ruler on the left shows markings from 0 to 100 mm, and the horizontal ruler at the bottom shows markings from 0 to 100 mm. The component is located approximately between the 20-30 mm mark on the vertical axis and the 30-40 mm mark on the horizontal axis.
Solder Board-Component View 4	 A photograph of the same green PCB component from a different angle. The component is rectangular and populated with various electronic components, including a large integrated circuit (IC) in the center, several resistors, and smaller surface-mount components. A black L-shaped ruler is placed next to it for scale, with markings from 0 to 100 mm on both the vertical and horizontal axes. The component is positioned similarly to View 3, between the 20-30 mm mark on the vertical axis and the 30-40 mm mark on the horizontal axis.
