

ANNEX

EXHIBIT 1 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	
EUT View 2	

EUT View 3	 A side view of a white, rectangular electronic device. The device has a slightly raised top edge and a recessed bottom edge. It is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The device is approximately 100 mm long and 20 mm high.
EUT View 4	 A top view of the white electronic device. The device has a rectangular shape with rounded corners and two mounting holes on the left side. A label is affixed to the top surface, containing the following text: "Cut-to-Wall Switch", "PN: 62109000", "120V WALL SWITCH", "RP-633-30M18", "PCC ID: 2N208MP1187", "PC: 2086A-AMP1187", and "MADE IN FW". The label also features a CE mark and a crossed-out X mark. The device is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The device is approximately 100 mm long and 50 mm wide.

EUT View 5	 A side view of a white electronic component, likely a connector or module, positioned horizontally. A black L-shaped ruler is placed next to it for scale. The ruler's vertical scale on the left ranges from 0 to 100 mm, and the horizontal scale at the bottom ranges from 0 to 100 mm. The component is approximately 40 mm long and 15 mm high.
EUT View 6	 A front view of the same white electronic component, showing its profile. The black L-shaped ruler is again used for scale, with the vertical scale on the left and the horizontal scale at the bottom. The component is approximately 25 mm wide and 15 mm high. A small label is visible on the top surface of the component.
