FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Exposure Statement

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.

Safety Instructions

- Avoid water, heat, fire, penetration of the product, and severe drops at all times.
- Do not insert other object to the USB ports other than the USB connectors.
- During charging, your device and the product may feel slightly warm, this is normal.
- Do not clean the product with water or other cleaning products, clean the exterior with a lightly wetted cloth or napkin.
- Any intentional and physical damage to the product will not be under the warranty conditions.
- Do not place any metal or flammable object on top of this product.
- This product is not suitable for extreme climates, please store and use this product properly.

Instrucciones de seguridad

- Evite en todo momento el agua, el calor, el fuego, la perforación del producto y las caídas fuertes.
- No inserte otros objetos en los puertos USB que no sean conectores USB.
- Durante la carga, su dispositivo y el producto pueden sentirse ligeramente calientes; esto es normal.
- No limpie el producto con agua ni con otros productos de limpieza; limpie el exterior con un paño o servilleta ligeramente humedecida.
- Cualquier daño físico intencional al producto no estará cubierto por la garantía.
- No coloque objetos metálicos ni inflamables sobre este producto.
- Este producto no es apto para climas extremos; almacénelo y utilícelo adecuadamente.
