EN

Specification:

Model Name : QE20009PQ
Cell Type : Lithium Polymer
Battery Capacity : 20000mAh/ 74Wh(Max.)
Rated Input : Micro-USB 5V/2A
Rated Input : USB-C PD 5V/2A, 9V/2A
Rated Output 1 : USB-A 5V/3A, 9V/2A, 12V/1.5A
Rated Output 2 : USB-C PD 5V/2A, 9V/2.22A, 12V/1.5A
Wireless Output : 5W/7.5W/10W/15W
Total Output : 20W (Max.)
Dimensions : 148(L) x70.5(W) x28.5(H) mm
Weight : 430g±10g

How to Recharge
Comment recharger la batterie

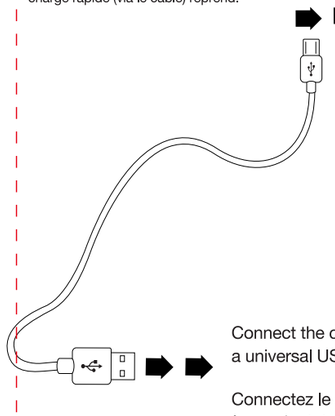

For fast charge (via cable): connect only one device to power bank to activate fast charge, do not press the power button
For wireless: press the power button once to activate wireless charging, fast charge (via cable) will switch to normal charging mode. After 2 mins of idle, wireless charging will shut off, fast charge will then resume

*Compatible with wireless charging standard
*Compatible avec la norme de charge sans fil

Pour une charge rapide (via un câble) : connectez un seul appareil au powerbank pour activer la charge rapide, n'appuyez pas sur le bouton d'alimentation.
Pour la charge sans fil : appuyez une fois le bouton d'alimentation pour activer la charge sans fil, la charge rapide (via le câble) passera en mode de charge normal. Après 2 minutes d'inactivité, la charge sans fil s'arrête, la charge rapide (via le câble) reprend.

Connect the charging cable to a universal USB AC adapter

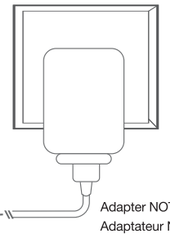

Connectez le câble de chargement à un adaptateur secteur USB universel

Green light indicates fast charge or fast recharge is activated.
La lumière verte indique que la charge rapide ou la recharge rapide est activée.

Connect the USB-C/Micro-USB end to the input port to recharge

Connectez l'extrémité USB-C/Micro-USB au port d'entrée pour recharger l'appareil

Adapter NOT included
Adaptateur NON inclus

Warning:

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Warning Statement:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- ncrease the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF exposure compliance statement:
1.The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure ondition without restriction.
2.Equipment system maintenance is simple, please refer to the manual.
3.The user can take simple measures to correct the interference.
Such as staying away from interference sources, turing off interference sources, etc.

PowerSafe Management
Guarantees against short circuit and over-charging for your power bank and devices.

Customer Service
For any question about the product, please contact us at service@energizerpowerbanks.com

Dispose the battery properly, seek for local disposal facility for advice.
Do not dispose, dissemble, damage, or incinerate the battery at all time.

Deseche la batería de la manera adecuada. Busque un centro de procesamiento de residuos local para que le asesoren al respecto.
No deseche, desmonte, dañe o incinere la batería en cualquier momento.
