

Zyxel Networks Corporation

No.2 Industry East RD. IX, Hsinchu Science Park, Hsinchu 30075, Taiwan, R.O.C

Date: April 27, 2026

Subject: Enterprise Access Point and Non-Consumer Device Declaration for
NWA240BE

FCC ID: 2AU6R04359

To Whom it may concern,

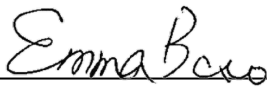

We, **Zyxel Networks Corporation**, are writing to clarify the intended use of the equipment in this application. We hereby certify that the device is designed and marketed as an enterprise-grade access point and is intended solely for non-residential, commercial use.

Based on the Federal Communications Commission's guidance regarding routers included in the Covered List, and evaluating the product against the definition of "consumer-grade routers" as referenced in NIST IR 8425A, we respectfully provide the following context regarding the intended design and function of the NWA240BE access point:

Product Application and Environment

The design of the NWA240BE is optimized for modern, device-dense commercial environments, such as offices, classrooms, hospitality venues, and retail spaces. Its primary intended function is to facilitate wireless connectivity within a local area network (LAN) architecture, and it is meant to be deployed within commercial settings

Sincerely,

Emma Bao / Manager

Zyxel Networks Corporation
