

# LET'S GET STARTED

You'll want this in your hands to get it connected (not around your neck)

## SETUP:

- 1 Connect and charge your device.  
How do I know it's charging?  
BLINKING RED – Low Battery  
SOLID RED - Charging  
BLUE (Flashing)- Pairing Mode  
(Solid)- Connected to Bluetooth Device
- 2 Press and hold the power button until you hear an audio prompt.
- 3 Once powered on, the speaker will be in pairing mode. Run a Bluetooth search for NMSP300 on your wireless device and connect to your speaker.
- 4 Let the beat drop...relax with some tunes...or focus at work.  
You do you, boo.

## WHAT'S THIS DO?

- Power Button:
  - o Long Press = Power On/Off
  - o Short press when playing music = Play/Pause
  - o Short press when call handling = Pick up/End Call
  - o Short press 2x when call handling = Reject A Call
- Multifunction Button:
  - o Short press = Activate Voice Control
  - o Short press 2x = Fast-Forward a Track
  - o Short press 3x = Rewind a Track
  - o Long Press = Disconnect Bluetooth

The speaker will automatically shut off after 10 minutes when not connected to Bluetooth.

# So, how'd we do?

Love it or hate it, **we're dying to know** what you think. Your feedback is **super important to us**. So please, take a quick minute to **review our product**.

## Login instructions:

- 1 Click "Your Account"
- 2 Click "Your Orders"
- 3 Click on the Nomodo product you purchased and select "Create Your Own Review"

# All good?

If not, hit us up **ASAP** so our support team can **make it right**.

## What's in the box?

Speaker

USB Power Cord

### FCC WARNING:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### FCC RF Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
